

Dear healthcare service provider,

Further to the government directive on the nationwide lockdown issued on 23 March 2020, the PCNS is implementing alternative measures. This is to ensure that we can respond to the external changes while still meeting your needs as a healthcare service provider. For your convenience, with immediate effect, all PCN forms and related documents must be emailed to the specified email addresses.

Applications

Please email all communications in respect of registrations/updates/reinstatement/change of discipline/change of ownership of an existing PCN to pcns_admin@bhfglobal.com

Call centre queries

Our Call Centre is operating as per normal – business hours 08:00-16:30. Please email all PCN-related queries that you may have to clientservices@bhfglobal.com

We would like to emphasise, unfortunately, that with immediate effect we cannot accept posted and/or hand-delivered documents. We would like to assure you of our continued support.

Warm regards

PCNS Management
